DRAWN	Area Plan: 1:20 PLAN	Feature Plan:	Sections: 1:2 w/ Fill
-------	-------------------------	---------------	--------------------------

REMARKS; INTERPRETATION: ④ Really as pockets-veins thru out ③  
 ③ Seems whiter, softer Gypsum (slightly) than that as found in other cuttings - where yellowish to buff w/ charcoal flecks. May be charcoal in ③ but few and fine.

This gypsum not well packed into hole - rather a "glob"  
 Bedrock slightly reddened bottom of hole.
