DRAWN	Area Plan: 1:50 of Rump Ledge	Feature Plan:	Sections: See Stonework Section 14
-------	-------------------------------	---------------	------------------------------------

REMARKS; INTERPRETATION: * Some Limestone Frags show red paint-like patina - These sampled.
 * This actually a lense
 * in characteristic ① fill. * 1 small greenish faience round flat bead.
 † ② Filling narrow (1-2 cm) horizontal fault at bottom.

Td2 a recess in bedrock core behind stonework section 14. Recess characterized by traversing vertical and horizontal faults, like a fold in the bedrock. Rubble fill taken back 20 cm. from face of section as drawn in section 14
