DRAWN	Area Plan:	Feature Plan: 1:50 Rump Ledge	Sections: stonework Section 16
-------	------------	----------------------------------	-----------------------------------

REMARKS; INTERPRETATION: Td3 space between restoration slab (inner period) and core projection down to underlying restoration slab of same phase while fill showing in section likely undisturbed original ① and ② contaminated w/ cement frags forced in from 1926 cement fill against S face of core projection and narrow space forming E end of Td3.

② likely original dumped mortar-limestone chips adhering to surface underlying slab.
