Your interpretation:		Internal	External	Structural	Other (specify)
Your discussion:					
<p>Silty layer between wall [21923] to the North, [29429] to the West and [29432] and [21921] to the South.</p> <p>It seems that this layer is late: maybe a phase of abandon probably post-excavations of S. Hassan (?).</p>					
				Placement in square
