			29757											
Your interpretation: Island of limestone Crush	Internal	External	Structural	Other (specify)										
Your discussion:														
<p>This feature appears to be an island of limestone crush, possibly the same deposit as 29283, which sits upon large limestone cobbles, perhaps channeling the course of the alluvium around it</p>				Placement in square										
				<table border="1" style="width: 50px; height: 50px; margin: auto;"> <tr> <td style="text-align: center; vertical-align: middle;">8</td> </tr> </table>	8

<p>A hand-drawn sketch of an oval object. The object is labeled with '29751' at the top and '29757' inside. A vertical dimension line on the right indicates a height of '0.74m'. A horizontal dimension line at the bottom indicates a width of '0.38m'. To the right of the sketch, the word 'LEVEL' is written above the number '18.79'. A north arrow points upwards in the top right corner of the sketch area.</p>
