Your interpretation:																																					
<i>LS crush underlying MB wall 29999</i>		Internal	External	Structural	Other (specify)																																
Your discussion:																																					
<p><i>This bed of limestone crush is the base on which walls 29999 and 30000 were built, and it appears also that door pivot 30001 was installed. This may be a portion of the undulating bedrock cropping up, or an artificially established flooring deposit.</i></p>				<p style="text-align: center;">Placement in square</p> <div style="text-align: center; border: 1px solid black; width: 50px; height: 50px; margin: 0 auto;"> </div>
