Your discussion:	<p style="text-align: center;"><b>DEPOSIT OF WALL TUMBLE ON TOP OF W-E WALL</b></p> <p>It's edges were not so well defined. (29057)</p> <p>G.S. the wall itself is poorly preserved in that area. (It might be part of the wall badly damaged and looking like a wall tumble?)</p>				<p>Placement in square</p> <div style="border: 1px solid black; width: 100%; height: 100%;"></div>
