This context is			32811																																
			32810	30251																															
Your interpretation:		Internal External Structural Other (specify)																																	
Your discussion:																																			
Layer not totally excavated. Situated between walls [32785] and [32809], it covered the threshold [32810]. It seems that this layer was a door blockage.																																			
				Placement in square
