Your interpretation:		<input type="checkbox"/> Internal <input checked="" type="checkbox"/> External <input type="checkbox"/> Structural <input type="checkbox"/> Other (specify)																																
Your discussion: This deposit is to be associated with natural processes, rather than human activity in the area; Accumulation deposit, containing freq. magloab and occ pottery, as well as erosion materials, relatively thin (uneven thickness), rests on top of dump deposit 32915.
