Your interpretation:		<input type="checkbox"/> Internal <input type="checkbox"/> External <input checked="" type="checkbox"/> Structural <input type="checkbox"/> Other (specify)		
Your discussion: Bedding layer for floor surface of the upper belet corridor. Same as 32406 on the E side of erosion channel (30826). (Deposit 32910 (crushed limestone) is blowing through) Most likely continues under the corridor surface.
