Your discussion:																																					
<p style="margin: 0;">Deposit of crushed marl and limestone; cut by [32944] construction cut for well 29068.</p> <p style="margin: 0;">It is difficult to establish if this deposit is a result of natural processes or a make-up layer.</p> <p style="margin: 0;">If it is a make-up deposit then it rather isn't associated with well 29068 and 29062 as both construction cuts 32944 and 32940 are cut into it.</p>
