

Giza Plateau Mapping Project 2011

Feature	Type	Description	Dimensions	Height	DRW No.
<33035>	Arch	E-W Nile clay wall, The southern external wall of House D which forming at the same time the northern causeway wall.	1.00m (N-S) X 10.38m (E-W)	N/A	2011-164
<33036>	"	E-W Nile clay wall abutting the western wall of House E <31112>. it has plaster (33056) on the southern side and remain of plaster (33057) on the northern side	0.52m (N-S) X 1.40m (E-W)	0.42: 0.46m height	"
<33037>	"	N-S Nile clay wall abutting the southern external wall of House D <33035>, it has plaster (33059) on its eastern side	6.40m (N-S) X 0.58m (E-W)	N/A	"
<33038>	"	N-S Nile clay wall, represent the SE corner of room 62, The wall was keyed into the E-W wall <33039> and take forked shape with wall <33040>.	1.74m (N-S) X 0.60m (E-W)	"	"
<33039>	"	E-W Nile clay wall, The two walls <33038> and <33040> keyed into it, it has plaster on its northern side, and it has reused mud brick into it	0.57m (N-S) 3.30m (E-W)	"	"
<33040>	"	N-S Nile clay wall, formed forked shape with walls <33038> and <33039>. These walls represent the southern third of room (62)	1.55m (N-S) X 0.55m (E-W)	"	"
<33041>	"	N-S Nile clay wall, abutting the southern external wall of House D, possible had core of burnt pottery sherd and v. occa limestone frags, it has plaster on its southern side	1.50m (N-S) X 0.60m ??? (E-W)	"	"
<33042>	"	N-S Nile clay wall, Acts as the western limit for House D, The wall keyed into the southern external wall of House D from its southern end	14.30m (N-S) X 0.82m: 0.90m (E-W)	"	"
<33043>	"	E-W Nile clay wall, represent the southern limit of room 65, it has plaster (33063) on its northern side.	0.60m (N-S) X 2.90m (E-W)	"	"

TYPE = Layer, Pit Cut, Pit Fill, Wall, Masonry, etc. Description of Fills/Layers to include, Hue and colour, compactness, composition and inclusions.

Description of Cuts to include: Shape in plan, description of sides, base and profile and orientation.
