Discussion and interpretation:																			
<p>N-S mudbrick wall, it was a part of the modification process which added later to divide one big space into two spaces, it was abuted by the E-W mudbrick wall < 33318 > also part of the modification to form the spaces, 11297, 11295, 11296. Space 11296 may be abandoned and stopped using after the construction of this wall because there is no entrance for that space.</p>																			

Remember: do not just draw the architectural feature in isolation. Show how it relates to surrounding features and include details of surface treatments, repairs/modifications/damage, bonding material(s), and associated cuts. Annotate all aspects of the feature or use a Drawing Key. Measurements must be included for all aspects of the feature and surrounding features.

Sketch Plan - Include grid co-ordinates, North arrow, and elevations.
