|  | 33452                                    |                              |  |                       |  |       |  |  |       |  |   |  |  |
|  | 34029                                    |                              |  |                       |  |       |  |  |       |  |   |  |  |
| Discussion and interpretation:   |  |                              |  |                       |  |       |  |  |       |  |   |  |  |

Remember: do not just draw the architectural feature in isolation. Show how it relates to surrounding features and include details of surface treatments, repairs/modifications/damage, bonding material(s), and associated cuts. Annotate all aspects of the feature or use a Drawing Key. Measurements must be included for all aspects of the feature and surrounding features.

**Profile Sketch** - State direction the elevation of the feature being drawn is facing e.g. 'West Facing Elevation of Feature .... If feature was drawn in section then include the grid co-ordinates and elevations.

east-west Limestone wall <33452>, not Fully extent visible in plan, may be separated between silo building complex and the central field cemetery
